THIS IS A METRIC SERIES

- HDL products are manufactured using metric dimensions, therefore the size indicated within a unit name, being in inches, will not accurately reflect the exact size of the unit. Any imperial dimensions that have been used in this book have been converted from the actual metric size and rounded up to the next 1/4". This means that all units will be slightly smaller in width and length than indicated by their model name. For example, an INV-2430RS is indicated as 23.75" x 29.75" in the price book dimension columns and actually measures 23.62" x 29.53".

- Please note that all INV and OUT SKUs in this pricebook are completely interchangeable and customizable with HML SKUs.
- Colours also match up between HML and HDL company products.
- Both HML and HDL offer the same limited lifetime warranty.
- Refer to STAR sub-series for manufacturer warranty.

CONSTRUCTION

- 1" thick tops and gables
- ¾" or 1" thick modesty panels
- 45lb industrial particle board core with thermally fused laminate, commercial-grade quality
- Levelling glides are standard on all floor models
- Most laminate components include pre-installed insert nuts

EDGE DETAIL

- Matching 2mm edge band finish on all exposed edges for a tough, durable finish

GROMMETS

- 30" deep tops include one center grommet. Aftermarket grommet for site install can be found on page LEV-33

HANDLES

- Laminate finish determines default handle & lock finish/style. See Finish Chart above. After-market handles alternatives can be found on page LEV-33. As default handles vary with the laminate finish, it may be necessary to site install alternative handles if choosing a two-tone finish design and matching handles are required

MODESTY PANELS

- Optional ½ height Modesty Panels in either grey (GR) or black (BL) laminate or frosted plexiglass. See page **INV-17**

LAMINATE DRAWERS

- All drawers are 5 pieces - 4 x 1/2" black sides & 1 x 1/8" black bottom with additional strengthening rail below bottom.
- All drawers and cabinet doors have handles excluding hutch doors. Alternate handles to product default handles can be ordered separately. See page LEV-33 for details.
- Each file drawer features side rails that hold front-to-back letter or side-to-side legal sized hanging folders.
  NOTE: All file and lateral file drawers are constructed to support hanging file folders.
  Broken drawer bottoms are not covered by warranty.
- Each unit with a box drawer includes a pencil tray.
- All drawers are mounted on FULL extension ball bearing slides
- Mobile pedestals include heavy-duty locking casters

LOCKS

- Locks available in Black or Silver finish depending upon laminate finish. See Finishes Chart LEV-3
- Storage cabinets lock except the wardrobe/storage cabinet. After-market lock available.
- Gang locks are standard on all drawer pedestals and lateral files
- Core removable locks are standard on all drawer pedestals (metal or laminate), lateral files and storage cabinets
  - For keyed-alike locks, order standard product which will be shipped with factory installed locks and randomly numbered cores.
  - Order the appropriate quantity of like numbered cores required at $11 each.
  - Example: if you require 3 units to be keyed alike, order **100-COREPACK**-3 (3 x $11 = $33).
  - Each corepack includes 2 keys.
  - Simply replace the factory-installed cores with the replacement cores after product has been installed.

METAL SUPPORT COMPONENTS

- Powder coated steel construction
- Storage include levelers
- All SKUs with "SR" include Storage Riser feet

METAL PEDESTAL DRAWERS

- All drawers are steel, commercial-grade construction.
- Pedestal drawers have radius drawer fronts.
- All box & file drawers are mounted on FULL extension ball bearing slides.
- Each file drawer will hold letter or legal sized hanging folders.
- Mobile locking casters (heavy-duty)
- Ships fully assembled

ACCESSORIES

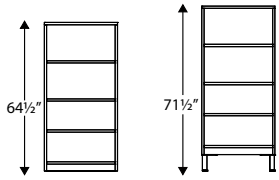

- See page LEV-33 for after-market locks, keyed alike locks, alternative handle options and grommets.
- HDL offers a complete range of desking accessories compatible with Levels Series. See Accessories **ACC-1** for a complete list of keyboard trays, pencil drawers, task lighting, CPU holders, etc.

SHIPPING

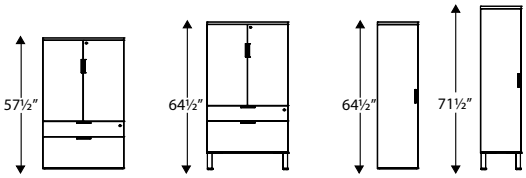

- This is a stock product. Although every effort will be made to maintain stock at all times, we cannot guarantee availability.
- All items in this series ship unassembled unless noted 'FULL CARTON', in which case they will ship assembled.

WIRE CHANNEL PODS - OVERVIEW

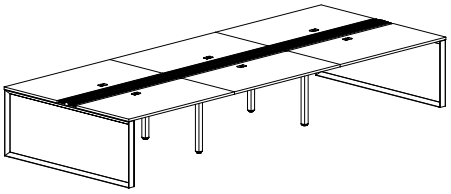

- **Pods:** Each LEV-WCH SKU is composed of two pods connected back-to-back with an aluminum wire channel with flip-up access panels and are infinitely expandable with the addition of LEV-xxyyWCH-EXP expansion pods.
- **Grommets:** 24" deep units do not have grommets. 30" deep units include one centred grommet per pod section. For example, a straight 6-pod will include six grommets. Grommet finishes are based on laminate finishes. Please see finish details in the Levels finishes chart **LEV-3**
- **Electrical:** Wire Channel Pods are designed to integrate with LNK power components. See **OUT-17** for options.
- **Panels:** Wire Channel Pods are compatible with Outlines *Plus* panels. See **OUT-16** for options.
- All units include levelling glides
- Tops are installed with insert nuts for a secure and easy install

TEAMING STATIONS - OVERVIEW

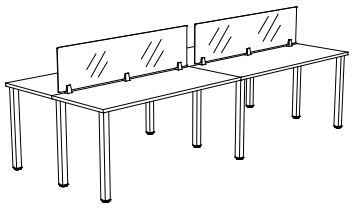

- **Panels:** Tackboard & Plexiglass panels are mounted using either Black (BL) or Silver (SL) mounting brackets.
  Plexiglass panels are Frosted (FR) and match other Frosted Plexi components offered in HDL
  Tackboard is a stylish Grey (GR) finish and is tackable on both sides
  Confirm your bracket finish choice on your PO
  Order Example: LEV03060TEM-SQ2-TB-6-GD-WH-SL.

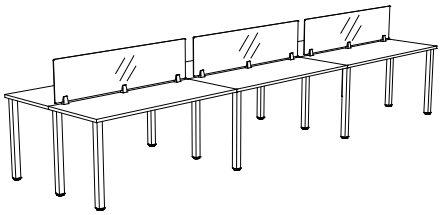

- **Grommets:** 24" deep units do not have grommets. 30" deep units include one centred grommet per pod section. For example, a straight 6-pod will include six grommets & a 4-pod L-shaped unit will include 4 grommets. Grommet finishes are based on laminate finishes. Please see finish details in the Levels finishes chart **LEV-3**
- **Electrical:** Framework panels are designed to integrate with Electrical components. Those looking for electrical integration should order a framework pod design. See Framework Series for move information on electrical capabilities **FRM-1**
- All units include levelling glides
- Tops are installed with insert nuts for a secure and easy install

FEATURES

- Modular commercial grade panels available in two heights (48 and 66") with a range of varying widths.
- Clear glass (not frosted) glazing available on some 66" tall panel sizes (Refer to pg FRM-1).
- Panels are tackable above the height of the work surface.
- Tackable panels won't deteriorate from repeat pinning.
- Easy connect panel and post-assembly system greatly reduces install time and provides a secure, stable connection.
- Panel hung storage options that are easy to slide, adjust, and secure to your preferred height.
- Optional electrical components and data jacks available.
- Easy access kickplate raceway along the bottom of all panels allows for data and electrical installation.

FINISHES

- Charcoal powder-coated frames.
- Matching 100% polypropylene woven grey fabric panels.
- Custom fabric colours are available with adequate volume and lead time.

CONSTRUCTION

- 2 3/8" (60mm) extruded aluminum frames provide superior strength and durability.
- Engineered woodblock panels.
- EVA foam for durable tackability.
- 5mm clear glaze.

ACCESSORIES

- 30" and 36" locking overhead storage cabinets.
- 30" and 36" overhead shelves.
- Plexiglass Panel Extensions that can be mounted to 48" or 66" panels.
- Freestanding base to create room dividers using any panel size.
- Wall mounting brackets.
- Gable brackets that can be used to connect to freestanding furniture.
- Electrical and data.

ENVIRONMENTAL

- All components can be recycled at end of life.
- Aluminum extrusions in frames and posts are made from a high content of recycled aluminum.
- Metal storage and hardware consist of 30% recycled steel.
- Metal components are powder coated for a durable finish without any lead content or VOC's.
- Wood blocks used in the panel construction consist of 100% recycled wood and woodchips.
- Post and panel components are packaged completely in cardboard and honeycomb- no polystyrene.

ELECTRICAL

- Framework Electrical components are UL Listed and CSA Certified
- 3 circuit 5 wire system - 3 Hot, 1 Neutral, 1 common ground
- Multi circuit infeed is able to carry up to 3 circuits. Not able to provide a dedicated/isolated circuit.
- A maximum of 10 duplex receptacles per circuit and up 3 circuits can be used on a single hardwire infeed.

OVERHEAD STORAGE INSTALL CONSIDERATIONS

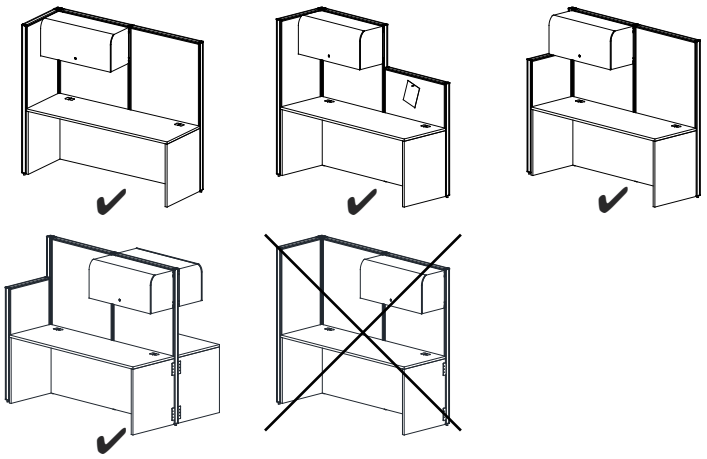

♥ In order to safely install your Overhead Storage, you must follow these guidelines:

AN OVERHEAD STORAGE UNIT OR SHELF MUST EITHER:

> 1. Be installed in a corner.

OR

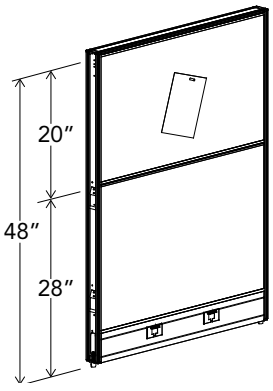

> 2. Balance the layout by having the same size overhead storage on both sides of a panel.

NOTE: Failure to follow the above guidelines will void your warranty.

♥ 9′ 6″ is the maximum panel run before a wing is required.

FRAMEWORK WIRING HARNESS SIZES

INSIDE OF PANEL CONNECTION WIRING HARNESS SIZES

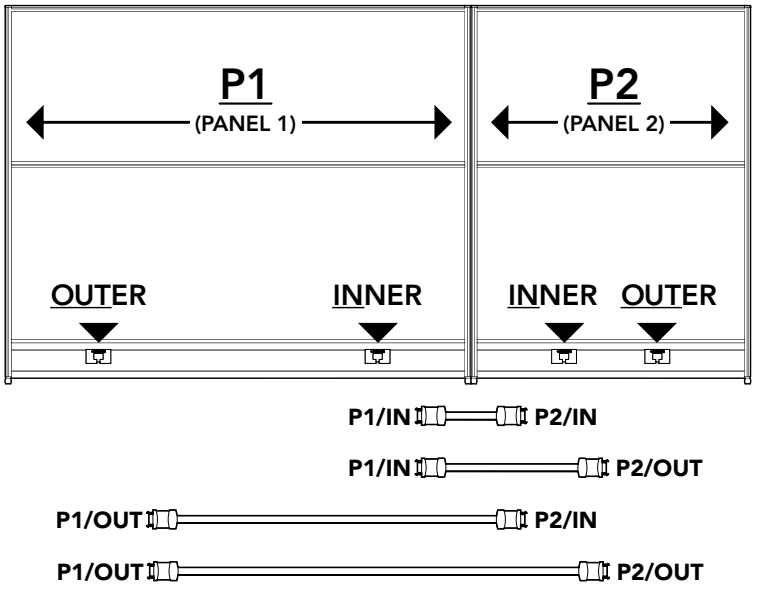

- Use to determine the correct electrical jumper to use inside a single panel when connecting between grommets.
- Not Applicable to 24" panel due to having 1 grommet only, and 30" and 36" panels due to lack of space between grommets.

PANEL-TO-PANEL CONNECTION WIRING HARNESS SIZES

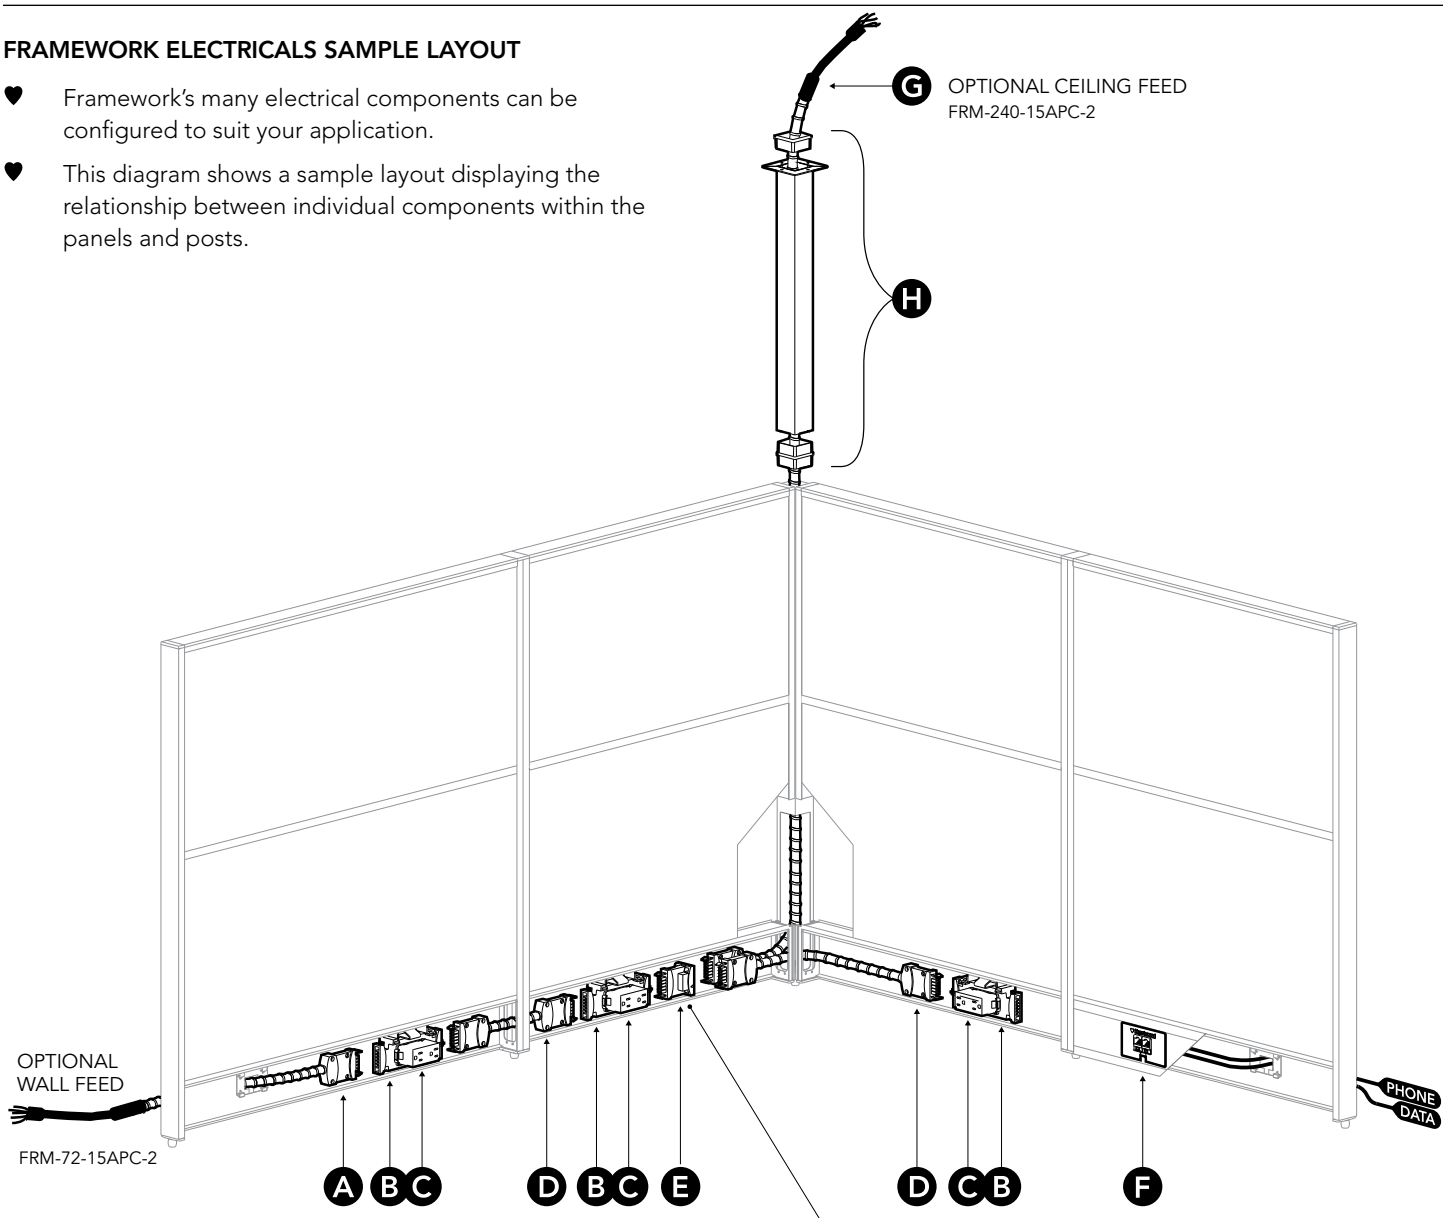

- Use the below matrix to determine the correct electrical jumper to use when connecting between two grommets on two connected adjacent panels.
- If using a post between the two panels, then add a FRM-Y-BL (Electrical Y-Connector)- see pg FRM-5.
- Note: Due to the 24" panel having 1 centrally located grommet only, the grommet is referred to as CENTRE.

HEARTWOOD DISTRIBUTORS LTD. LIMITED LIFETIME WARRANTY - LAMINATE OFFICE FURNITURE

HDL wishes to assure dealers and customers who purchase our products that they are investing in the best quality furniture available in its class. To this end, any laminate furniture products supplied by HDL on or after February 1st, 2012 are warranted to be free from defects in materials and workmanship for as long as the original purchaser owns the product. Please refer to our Limited Lifetime Warranty document for exceptions. In the unlikely event that any product or component covered by this warranty should fail under normal workplace conditions, as described and limited in this document, HDL promises to repair it. If we are unable to repair it, we will replace it with comparable product.

This warranty is limited to manufacturer's defects and will not apply to any products that must be repaired or replaced due to normal wear and tear, negligence, abuse or installation errors. Products that have been modified or altered by others or used for rental purposes are not covered. This warranty covers materials only, labour and shipping costs for repair or replacement are not covered.

HDL reserves the right to change laminate, fabric and hardware suppliers and, as a result, we do not guarantee the match of colours, grain or hardware to those of existing products.

This warranty, as explained here, is your sole and exclusive remedy. To make a warranty claim, Proof of Purchase must be presented. Please refer to our Warranty process document to be certain you have provided all of the information we require to ensure an accurate and speedy resolution.

Contact Customer Service if you have questions at 1-866-567-3060 or email cs@heartwooddl.com to make a claim.

PREPAID FREIGHT – DAMAGE CLAIMS

Visible damage upon receipt

1. Inspect each shipment upon receipt. If any external evidence of loss or damage is visible, please note on the freight proof of delivery (ie) DAMAGED CARTON. Failure to adequately describe such external evidence of loss or damage may result in the carrier refusing to honor a damage claim. Please do not refuse damaged freight. This will result in delays in the replacement of the damaged products.
2. All damaged Items (salvage) must also be stored at the consignee location for the carrier's investigation process. Disposing of salvage will also result in the carrier refusing to honor a damage claim. Domestic freight claim investigations may take from 90-120 days.
3. Advise Customer Service within 14 days upon receipt to initiate the warranty replacement and the freight claim processes. A copy of the freight proof of delivery, reference to order #, item(s) missing or damaged, and pictures will be advantageous when submitting a claim.

Concealed loss or damage

Concealed loss or damage is loss or damage that does not become apparent until the merchandise has been unpacked.

1. When loss is discovered upon unpacking - immediately make a written request via email to Customer Service. Communicate any concealed loss within 1-2 days of receipt. An immediate inspection by the carrier will be requested and a freight claim will be initiated.
2. When concealed damage is discovered upon unpacking, immediately submit a written request via email to Customer Service. Include the necessary photos and warranty label information to ensure a quick resolution. See our "Warranty Process" document for examples.

PLEASE NOTE THAT FREIGHT DAMAGE CLAIMS AND CONCEALED DAMAGE CLAIMS ARE NOT ACCEPTED WHEN DAMAGE IS TO THE CARTON ONLY.

If these instructions are followed carefully and completely, we guarantee full support of your claims to protect you against loss from concealed damage.

FAILURE TO STORE SALVAGE ITEMS UNTIL THE CLAIM INVESTIGATION IS COMPLETE (90-120 DAYS), WILL RESULT IN THE CARRIER REFUSING TO HONOR THE CLAIM. FREIGHT CLAIMS DENIED FOR THE REASONS OF "NO SALVAGE AVAILABLE" WILL BE INVOICED BACK TO THE CUSTOMER ALONG WITH ANY ANCILLARY FREIGHT CHARGES INCURRED.
